April Change Cycle

Following is a list of changes that were implemented to the CMS Net system for the April Change Cycle on Saturday, 4/30/05:

CMS Net Legacy:

1. **Application Status:** Permanent Correction to the program error <SUBSCRIPT>ED+8^NTEA users received when accessing the application status screen.
2. **Eligibility Main Menu:** Added the Application Status option to the Eligibility Main Menu.
3. **Application Status Branch Menu:** Added the Print Face Sheet option to the Application Status Branch Menu.
4. **Electronic Post-It Notes (EPN):** Modify the EPN module to only display the EPN pop-up selection when an EPN exists in the patient record.
5. **MTU Table change – PTR:** Updated 'Exception code' and 'Place of Service' tables for PTR's to be HIPAA compliant for claims submission.

CMS Net Web:

1. **Client Search:** Corrected system so when 2 different patients with the exact same name are searched all matching results display.
2. **Select Service Codes:** Corrected system so individual procedure codes CAN NOT be added to a Special Care Center SAR. ONLY Service Code Groupings may be added to a Special Care Center SAR.
